

James Albert Busch, age 57, of Sutton, ND, died Friday, June 02, 2017, at Griggs County Care Center, Cooperstown, ND, with his sister by his side.

James “Jim” Busch was born November 29, 1959, the son of Rudolph Albert and Donna Marie (Dahm) Busch at Mayville, ND. He graduated from Finley High School in 1978, before attending Wahpeton Trade School for 2 years. Following his time in school, Jim moved to Sutton, ND, where he very much appreciated small town living.

Throughout his life, Jim worked for several area farmers. He enjoyed farming and fixing things, as well as visiting with family and friends. Jim harbored an ice fishing obsession, and loved working outside in his yard and garden. He was an avid woodworker, and recently took up the hobby of raising chickens!

Jim wanted you to know, that “the grumpiest man in Griggs county has passed.”

He is survived by his mother, Donna Marie, Sutton; sister, Karen (Jeff) Nelson, Golden Lake (ND); brother, Bill (Linda) Busch, Medina, ND; two nephews, Dominic Nelson, (Stephenville), TX, and Anthony (Raven) Nelson, Fargo, ND; two great-nephews, Hilo and Seamus Nelson, Fargo; five cousins, Julie (Joel) Dahl, Vicki (Scott Carlson) Waclawik, Laurie (Rich) Quamme, Mike Dahm, and Mark Gran; two uncles, Gerold Dahm and Roy Dahm; several other cousins; three great-aunts; and his many, very good friends.

He is preceded in death by his father, Rudolph Albert Busch; both sets of grandparents, Hans Dahm, Dena Maggie West Dahm and Albert Busch, and Anna Lambert Busch; three cousins, Dennis Dahm, Pam Reinen, and Janet Gran; his aunt, Wilma, and uncle, Francis Waclawick; and several aunts and uncles.

Celebrating the life of

James Busch

November 29, 1959 – June 2, 2017

A Collector's Hobby

Gas engines, gas engines,
All around the place,
You will find them in the shop
Garage, or any vacant place.
He quickly reads the (Forum) green sheet
And reads it through and through
There is a gas engine for sale -
That we better look into!

Oh, he scrapes off old grease
And uses penetrating oil,
To loosen up the engine
He's been working on a while.

When other men he's visiting
You will often hear him say,
"Do you know of any gas engines
That are laying around your way?"

Gas engines, gas engines,
They huff and puff and pound,
And the men say, "Now listen -
Isn't that a lovely sound?"
