***"I BELIEVE IN FARMING"***

*I believe a man's greatest possession is his dignity and that no calling bestows this more abundantly than farming.*

*I believe hard work and honest sweat are the building blocks of a person's character.*

*I believe that farming, despite its hardships and disappointments, is the most honest and honorable way a man can spend his days on earth.*

*I believe my children are learning values that will last a lifetime and can be learned in no other way.*

*I believe many of the best things in life are indeed free; the splendor of a sunrise, the rapture of wide open spaces, the exhilarating sight of your land greening each spring.*

*I believe true happiness comes from watching your crops ripen in the field, your children grow tall in the sun, your whole family feel the pride that springs from their shared experience.*

*I believe when a man grows old and sums up his days, he should be able to stand tall and feel pride in the life he's lived.*

*I believe in farming because it makes all this possible.*
